

Database Programmer Learning Management System (LMS) Support

About Metrica:

Metrica, Inc. is a broad-based professional services firm established in 1984 to provide an array of program support activities to the US government and corporations. Metrica's headquarters is located in San Antonio, Texas, and also has offices in Arlington, Virginia focused on International and IT operations.

Position Requirements:

Full-time position (40 hours per week, Monday thru Friday)
Weekend hours possible based on contract and position demands
Travel – not required
Physical Location: Russell-Knox Building Quantico, Virginia
Security Clearance: Top Secret (active SCI or eligibility a plus)

Position Description:

This database programmer position provides primary development support for AFOSI's custom Learning Management System (LMS). LMS is used for training, weapons compliance management, and additional duties assignment and management.

Successful candidate must be able to work independently and also directly with the AFOSI LMS Program Manager in a busy work environment supporting multiple tasks throughout the course of a normal workday. Day to day operations for this candidate will include: Manage user accounts, update training records in Oracle, and work with system and network administrators to repair network and group policy issues negatively impacting LMS. New code implementations, system updates, troubleshooting and bug fixing, and special projects will also be supported.

Education or Equivalent Training:

Bachelor's Degree in Computer Science or a related discipline, or the Equivalent combination of professional training or work experience (3-5 years as an application developer and database programmer using Oracle.)

Experience Required:

A working knowledge of the following technologies:

- Oracle 11g PL/SQL version 11.1.0.x
- C# version 4.x
- VB.NET version 10.x
- ASP version 3.x
- ASP.NET version 4.0.x
- PHP version 5.3.x
- HTML version 4.0x
- IIS version 7
- JQuery

Programs used include:

- Visual Studio 2010 version 10.0.x
- Visual SVN version 2.5.6

- Toad version 10.x
- Oracle SQL Developer version 3.2.x

Commercial Off-the-Shelf products supported include:

- Moodle version 2.x
- Meridian KSI 4.0x
- Select Survey

Experience/Competencies preferred but not required:

Experience working with Learning Management or Training systems

Interested Applicants should submit their resume & cover letter to
HR@metricanet.com.
